in partnership with Montgomery Public Schools

LANIER HIGH SCHOOL | 11.17.16**OVERVIEW**

The Montgomery Education Foundation, in partnership with Montgomery Public Schools, has developed the We C.A.N. Network – an opportunity for Montgomery's citizens to share their goals, challenges, wants and needs with the local community in real time and space. The Network aims to leverage community voice and action to benefit Montgomery Public Schools. Participants included parents, educators, school leaders, business owners, clergy, and more. Their work to build and support more opportunities for Montgomery public schools' students, teachers, and leaders ultimately means our whole community succeeds.
